S. KANN, SONS & CO.

If you wish to enjoy a delicious drink you can be served at our new soda fountain with everything in this line from fancy concections of our own make down to be cream and plain soda, per glass.

This new and beautiful fountain, which has been endorsed as being among the finest in this country, is located in the midway of our store, adjoining the candy booth.

"FASHIONS" for October is now out. The contents are very pleasing. Beautiful literature and short stories, fushion bints, editorial comments, household sloings, and other interesting matter will be found throughout this entire magazine. Those who have cards will call at the Pattern Counter, Section M. First Floor, and get this issue. Out-of-town patrons can have a year's subscription mailed by remitting Mc in postage, which is the cost of mailing for one year.

Our Fifteenth Semi-Annual Opening is to be continued for several days long-er. It has been a crowned success. Not alone in the point of display, but in sales also. At no time in our eight years of hard work to establish this up-to-date shopping home, have we been so well rewarded than on this occasion.

A Big Purchase of Scotch Flannels.

Wrap News.

We have placed on sale today a new shipment of English Covert Cloth Top Goals: they have that new short cut effect, handsomely stitched and salk taffeth lined; it's a garment which is very chic and swager; we shall offer these during the last days of this opening at. Second floor, Suit Department-elevators in either building will take you to this floor.

NOT WANTED IN WASHINGTON. Detectives Interview a Criminal Under Arcest in Kentucky.

Detective Sergeant Weedon returned to the city yesterday from Covington, Ky. He went there to interview an alleged notorious crook, under arrest there, who, R was thought, might be wanted in this in Criminal Court No. 1, appointed John city.

Fred Mason was the name given by the tire left hand, with the exception of the thumb, and the first and second fingers of the right hand, are missing, having

been amputated.

Mason is said to have visited the "Virginia! Hotel, at Covington, where he ransacked twenty-five of the rooms. Later he went to another house, the "Alleghany". One of the occupants of the recipis in the "Virginia" discovered that har bocketbook had been stolen. Another woman identified Mason as he left the "Allegheny" Hotel. She said Mason had been in her room before she arose in the morning, and precipitately left on discovering her presence. His arrest followed, but an alleged accomplice escaped.

caped.

In Mason's possession was found be tween \$700 and \$800 in cash and five diamond studs. The prisoner proved that he had bought the studs, but was detained. had bought the studie, but was detailed, although the original complainant refused to prosecute. Detective Sergeant Weedon is of the opinion that Mason is an old criminal, but dees not believe he has been in Washington for years.

A PRISONER'S LONG JOURNEY.

A United States Marshal Taking an

W. R. Compton, United States marshal for the northern district of New York, arrived in Washington Tuesday night at 7:15 o'clock from Eimira, having in charge E. M. Kirkpatrick, who is charged with sending obscene matter through the mails. Kirkpatrick was held overnight at the New Jersey Avenue police station. Marshal Compton and his wife registered at the Metropolitan Hotel. The party left this afternoon for Jacksonville, Fla., where the alleged offence was committed.

GRAND JURY EMPANELED.

John W. Thomas Selected as Fore.

man by Justice Anderson. The grand jury which will serve during the October term of the Supreme Court of the District was completed yes terday. Justice Anderson, who presides which will serve during the month of October in the Circuit and Criminal Dioctober in the Circuit and Criminal Di-visions of the court were also completed. The cases of John R. Clements, charged with larceny from the person, and Rich-ard Jackson, under indictment for house breaking, were set for trial today in Criminal Court No. 1. During the next week Justice Barnard, who presides in Criminal Court No. 2, will be engaged in hearing appeal cases and issues arising in the Probate Cout.

APPRAISAL VERDICT AMENDED Jury's Award in Sherman Avenue

Extension Revised. An order was signed yesterday by Justice Anderson amending the verdict of the appraisers' jury in the matter of the extension of Sherman Avenue. The amendment was made on the motion of parties interested with the consent of Arthur H. O'Connor representing the Dis-

trict Commissioners.

The amendment affects the award of damages and benefits for lot 149, in Wright & Dole's subdivision. The verdict is so amended that the award of \$800 made for improvements is allotted to the owner of the south one-half of the lot, Mary Stafford, and the award for damages allotted to Mary Stafford and Julia M. Keeper, the owner of the north half of lot No. 149.

A Young Man Missing.

Henry A. Young, aged twenty-seven years six feet tall, with brown hair and grey eyes, i his friend, L. L. Cooper, of 2000 Wisconsin Ave-nue northwest and friends seem to have no idea disappeared and friends seem to have no idea what has become of him. Yesterday Mr. Cooper, as a matter of precaution, called upon the po-lice to look out for Young, whose description has been sent to the various stations in the city

AFFAIRS OF THE DISTRICT.

The Question of Abatement In Water Main Assessments.

An Apparent Conflict Between the Laws of 1900 and 1901-Estimates of Revenue for the Fiscal Year of

communication from Charles C. Cole and R. D. Donaldson, attorneys for Joseph. Spetidel, in which they state that they have tendered to the Collector of Taxes the sum of \$1,073.71 in payment of the assessments for water main taxes on cer-tain lots in Metropolis View and the centre of Eckington. They say that the sum mentioned is 6 per cent less part the total mount of the assessment of provided for in the act of June 2, 1990, where payment is made within thirty days

where payment is made with after the receipt of notice etc.

The attorneys state further that the reserves is a resident of owner of the property is a resident of Wheeling, W. Va., and that he received the notices of the assessments August 26, refused to accept the tender, saying the be had been nedfied by the Water De-partment that the act of Den allowing the abatement for payment in advance has been repealed by the act of Feb

The attorneys submit, however, that the part of the act of 1900 providing for the abatement has not been repealed by th act of 1901. The latter act, they say, re-peals only so much of the act of 1900 as inconsistent with it, and they maintain that there is nothing in the act of 1901 inconsistent with the right to the abatenent under the act of 1900,

It is pointed out that there were three changes made by the law of 1991, in that of 1909, in relation to the assessment, col cction and payment of water main taxes The first charges somewhat the method of giving notice, they say; and the second provides for the payment in three equal estal ments instead of four; and the third deferred installments from 10 per cent to

It is maintained that there is not a word in the act of 1901 upon the subject of the right to pay in advance and have the benefit of the abatement, and, therefore nothing inconsistent with such right This law, the attorneys say, has been in force in the District for more than twenty-five years, and is beneficial alike to the District and the chiefeal alike to the District and the citizen. They are of the opinion that Congress did not intend to change it, unless the language clearly munifesting such change had been used, and they think that in the absence of such language the provision of the act of 1800 should be held as still in force.

E. G. Davis, the Collector of Taxes, admits the tender of the money, and explains that the difference in opinion lies between the petitioners and his office as to the interpretation of the law. The collector, after citing several sections of both laws, concludes that, in his opinion, the act of 1901 stands as the regulation of his office in the collection of water main assessments.

Cant L. H. Beach, the Engineer Com-This law, the attorneys say, has been in

assessments.

Capt. L. H. Beach, the Engineer Commissioner, forwards the case to his associates with the recommendation that the matter be referred to the Attorney for the District for his opinion. He states, also, that he, personally, remembers that it was the intention of the Board, as well as of the committees of Congress, to allow the rebate to remain in force in the new law in the manner exactly similar to that embodied in the old law.

H. H. Darneille, the District Assessor his estimate of the receipts from taxes and other sources of revenue for the fiscal year ending June 30, 1902, exclusive of the Water Department. The estimate shows prospective receipts from real estate in the city on the basis of the \$1.50 assessment of \$2,653,056.32 and of agricultura

the city on the basis of the \$1.50 assessment of \$2,633,03.32 and of agricultural land on the basis of \$1 of \$35,537.87, making a total on real estate of \$2,705,536 is.

Under miscellaneous sources of revenue the estimate shows the following. Washington City, at \$1.50, \$1,35,903.114; \$2,385,516,71 at \$9 per cent, \$2,104,622.51. Washington County at \$1.50, \$2,296,307; \$114,478.61 at \$9 per cent, \$2,504,637. \$114,478.61 at \$9 per cent, \$250,516,52. \$114,778.61 at \$9 per cent, \$250,516.52. \$12,963,307; \$114,478.61 at \$9 per cent, \$250,516.62. \$7ax on personal property (estimated), \$200,250 at \$6 per cent, \$120,516; tax on gross receipts of atreet railways, \$100,512.29; arrears of real estate taxes, \$150,500; tax on gross receipts of street railways, \$100,512.29; arrears of real estate taxes, \$150,500; arrears of personal taxes, \$10,500; penalties and interest on taxes, \$10,500; penalties and interest on taxes, \$2,600; lines from Folice Court, \$45,000; building permit fees, \$3,600; rent of wharvest and District property, \$5,000; sale of fish wharf, \$200; certificates of arrears of taxes, \$2,600; water permits, \$1,500; for sale of old material, \$1,300; interest on assessments for permit work, \$4,600; miscellaneous, including fees of inspector of gas meters, sewer permits, \$1,500, for sale of old material, \$1,300; interest on assessments for permit work, \$4,600; miscellaneous, including fees of inspector of gas meters, sewer permits, \$1,500, interest on assessments for permit work, \$4,600; miscellaneous, including fees of inspector of gas meters, sewer permits, \$1,500, interest on assessments for permit work, \$4,600; miscellaneous, including fees of inspector of gas meters, sewer permits, \$1,500, interest on assessments for permit work, \$4,600; miscellaneous, including fees of inspector of the various items of revenue from all other sources during the year 1991.

The Assessor states that the estimated receipts for 1930 are based upon the assessment for 1962 and the collections of the various items of revenue from all

The Actorney for the District yesterday inbmitted to the Commissioners an opin on upon the communication of Joseph on, protesting against the water main

"It appears," says the attorney, "that

"It appears," says the attorney, that this property fronts on School Street and Thirteenth Street. On February 18, 180, the property was assessed for a water main, laid on Thirteenth Street, which was paid. Thereafter a water main was laid on School Street, and the abutting lots 16 and 17 were assessed for this main, May 18, 1881. The claim is that these lots are unimproved, that they are original lots and are not subject under the act of Congress approved June 23, 1873, to the assessment on School Street until they are subdivided.

"The act of Congress approved August II, 1894, To regulate water main assessments in the District of Columbia, provides. That hereafter assessments levied for laying water mains in the District of Columbia shall be at the rate of \$1.25 per linear foot against all lots or land abutting upon a street, road or alley in which a water main has been laid, and there is no provision of law exonerating them from assessment herefor because a water main has been laid, and there is no provision of law exonerating them from assessment therefor because a water main has been previously laid along another street upon which the lots abut. The assessments complained of are doubtless onerous, but the act of Congress approved August II, 1894, in its administration, under the advice of the Attorney for the District, has been uniformly treated as repealing the provision of the act of the Legislative Assembly of June 21, 1872, and in no case shall the samp, let be chargeable with more than one tax for inying water mains and the sention of fire piuge."

fire plugs.'
"Until the courts determine otherwise, I am of the opinion that this construction of the water main tax should be adhered

The Chespeake and Potomac Telephone Company recently requested the removal of a tree from in front of 315 East Capitol Street, and that the cost be charged against their deposit. The com-pany states that the tree in question in

charged against their deposit. The company states that the tree in question interferes with their wires. They also state that the owner of the premises mentioned has given his consent for the removal of the tree.

Captain L. H. Beach, the Engliseer Commissioner, in considering the application endorsed it as follows and forwarded it to his associates:

"I recommend that the company be informed that the trees of the city are one of its most attractive featured and serve to make Washington one of the most beautiful cities of the country; that the growth of trees is a matter of time, their full growth not being attained until after years of walting, and that the Commissioners feel that their request that a tree in a public street be cut down simply for the convenience of stringing the wires of the telephone company is very inconsiderate of the public interests, and that if the wires are how in the tree mother is hereby given that they be removed and relocated so as not to interfere with the tree within thirty days from the date of notice."

It is understood that the board will acquiesce in the endorsement of the Engineer Commissioner.

TO BE A POLICE CAPTAIN.

The Harbormaster to Belong to the Metropolitan Force.

Major Sylvester Makes Recommen dations in Regard to Patrol Bont Service - Suggestions Favorably Received by the Commissioners

ent of Police, has forwarded to the Commissioners a communication in which he suggests certain changes in the law relating to the operations of the police boat. These changes contemplate placing the police boat on a new footing. It is suggested that the Harbormaster be styled Captain and Harbormaster in the Metropolitan Police Force, and estimates are submitted for the maintenance of day and night crews on the boat.

The Superintendent points out that the Harbormaster and the crew under him are now under the direction of the Commissioners, and it is proposed that hereafter they shall be a part of the Police Department, and under the supervision of the Major and Superintendent of Police. "In order to secure," says Major Syl

vester, "that improved service, which, to my mind, is particularly necessary at this period. I have to recommend that the appropriation bill for the fiscal year ending June 30, 1900, be permitted to carry an amendment to the effect that the office ow designated as 'Harbormaster' for the District of Columbia shall hereafter be known as Captain in the Metropolitaar Police Department, also 'Harbormaster, and that the Major and Superintendent of Police shall hereafter be charged with the enforcement of all laws and regulations captain in the execution of the duties appertaining thereto."

The matter was considered in board session yesterday and the Commissioners were unanimous in the opinion that the carrying out of the recommendation ulc be a splendid move. Harbormaster Sutton was called to the office of Commissioner Macfarland later in the day to express his views upon such action. He was naturally much pleased with the

Harbormaster Sutton, with a force of privates detailed from the Police Department, has rendered a most efficient servto provide against at this time. A case vates of the force might be called upon to would be necessary for them to receive instructions from an efficer who is a member of the police force with rank, not one who only has the powers of an addian additional private, and in order to se-

tional policeman. Mr. Suiton is merely an additional private, and in order to secure that improved service Major Sylvister makes his recommendation.

"Up to the present time the Harbor-master has not been provided with a night crew," said Major Sylvester, "for the conduct of the patrol boat employed in and about the harbor, but has been enabled to do day work only. Very often he is called upon to render service in the nighttime, in the recovery of drowned bodies, or in the saving of life or property, and he is unable, to render such service for want of proper assistance.

"If such a change should meet with the approval of the Commissioners, I would further suggest that all estimates for the maintenance of the police patrol boat be included in those of the Police Department, and to the end that a sufficient force may be provided for a more perfect system in this respect, I recommend in addition to the estimates which the Commissioners may make for the patrol boat, appropriation for one captain, also Harbormaster, \$1,880; two sergents, who shall be licensed pilots, one for day and one for night work at \$1,000 each per annum, \$1,890; two firemen at \$400 each per annum, \$1,890; two firemen at \$4

amum, 1886; one jantor, 4880, each per amum, 1886; one jantor, 4880, noe deek sergeant, 18.081

This arrangement, with a sufficient detail of privates in force, would provide a day and night view for the boat, to perform twelve hours service each. These figures do not include fuel and rapairs now paid by the Commissioners.

The Harbormaster has at his disposal a police boat. Major Sylvester says, with a detail of police officers under him, who are charged with the enforcement of the regulations referred to also the various laws and regulations relating to the District of Columbia. These include a supervision of thegal fishing and hunting gambling and disorders, and irregularities of all kinds. The police assigned to the police boat are at the present time, by direction of the Commissioners, subject to the orders of the Harbormaster. The law gives the Commissioners authority to detail members of the police force to such places as they may determine, but the law on the other hand provides for officers superior to the privates of police, under whose orders they shall operate.

SUNDAY LIOUGR SELLING.

cases of Timothy Sallivan and George M. Lehman, who were convicted in the Police Court of violating the police regulation missioners, appeared for the Government, and Lawrence A. Bulley for the defend-

ants.

The defendants conducted hotels in the District, and claimed that under their licenses they had the privilege to serve their guests with liquor on Simdays, as well as on other days in the week. The Court took the matter under advisement.

CLUBBED NEGRO POET'S WIFE.

Polleeman Kemp on Trial for Conduct During McKinley's Obsequies, Policeman William Kemp, of the Fourth second, was before Judge Pugh, sitting n place of the trial board yesterday, o charge growing out of the crush at the Capitol the day of the McKinley obse-nies. He is charged by a Mrs. P. I. Dunbar, the wife of a negro poet, with basing his her over the head with his lub while driving the crowd back from the Capitol steps of She is said to have thus received a severe contusion of the forchind. forcined.

The case was continued until Saturda, and in the maintime as effort will be made to have the case settled in the Police Court, where properly it should be

Frequent Throbbing Headache. ZEH, 702 11th St.

Men are not often troubled by headaches, When they are it is generally due to bil-iousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this

ates and tones up the entire system, en-courages the appetite, quiets the nerves and gives refreshing sleep.

which causes the familiar headaches of

and gives refreshing sleep.

"I was troubled with congestion of the uterus and femrle weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Cn. Ont. "Was so weak and nervous I cueld hardly do any work. Had severe pain in back, also dizziness and pain in head. My beart would bent so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one lox of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cared. I thank you for your kind advice and your medicine."
